104.R1 ANTI-BULLYING/ANTI-HARASSMENT INVESTIGATION PROCEDURES

Filing a Complaint

An individual who believes that the individual has been harassed or bullied may file a complaint with the superintendent or superintendent's designee. The complaint form is available here *[will link to form 104.E1]*. An alternate investigator will be designated in the event it is claimed that the superintendent or superintendent's designee committed the alleged bullying or harassment or some other conflict of interest exists. The Complainant will state the nature of the complaint and the remedy requested. The Complainant shall receive assistance as needed.

- A request for witnesses identified during the course of the investigation to provide a written statement; and

The Investigator shall consider the totality of circumstances presented in determining whether conduct objectively constitutes bullying or harassment as defined in Board policy. Upon completion of the investigation, the Investigator shall issue a report with respect to the findings, and provide a copy of the report to the appropriate building principal or Superintendent if the investigation involved the building principal

The complaint and identity of the Complainant, Respondent, or witnesses will only be disclosed as reasonably necessary in connection with the investigation or as required by law or policy. Similarly, evidence uncovered in the investigation shall be kept confidential to the extent reasonably possible.

Additional suggestions for administrative procedures regarding this policy include:

- Organizing training programs for students, school employees, and volunteers regarding how to recognize bullying and harassing behavior and what to do if this behavior is witnessed; and
- Developing a process for evaluating the effectiveness of this policy in reducing bullying and harassing behavior.

Decision

402.2 CHILD ABUSE REPORTING

In compliance with state law and to provide protection to victims of child abuse, the board believes incidents of alleged child abuse should be reported to the proper authorities. All licensed school employees, teachers, coaches and paraeducators are mandatory reporters as provided by law and are to report alleged incidents of child abuse they become aware of within the scope of their professional duties.

When a mandatory reporter suspects a student is the victim of child abuse, the mandatory reporter shall make an **oral** report of the suspected child abuse to the Iowa Department of Human Services within 24 hours of becoming aware of the abusive incident and shall make a written report to the Iowa Department of Human Services within 48 hours following the oral report. If the mandatory reporter believes the child is in immediate danger, the local law enforcement agency will also be notified.

Within six months of their initial employment, mandatory reporters will take a two-hour training course involving the identification and reporting of child abuse, or submit evidence they've taken the course within the previous three years. After July 1, 2019, employees who have previously taken mandatory reporter training will be required to take the two-hour training course before the expiration of their current training certificate. Once the training course has been taken, the certificate will remain valid for three years. Employees who have taken the post-July 1, 2019 two-hour training course will take the one-hour follow up training course every three years and prior to the expiration of their certificate.

For more information, please visit the "Report Abuse and Fraud" section of the Iowa Department of Human Services' website, located at <http://dhs.iowa.gov/report-abuse-and-fraud>.

Please remember there are two types of reporters identified in Iowa law: mandatory reporters and permissive reporters. Mandatory reporters are those individuals who are required by law to report suspected incidents of child abuse when they become aware of such incidents within the scope of their employment or professional responsibilities. Permissive reporters are not required by law to report abuse, but may choose to report to the Iowa Department of Human Services. While all licensed school employees, teachers, coaches and paraeducators are mandatory reporters within the scope of their profession, they are considered permissive reporters outside the scope of their profession.

Employees who operate school vehicles are subject to drug and alcohol testing if a commercial driver's license is required to operate the school vehicle and the school vehicle transports sixteen or more persons including the driver or the school vehicle weighs twenty-six thousand one pounds or more. For purposes of the drug and alcohol testing program, the term "employees" includes applicants who have been offered a position to operate a school vehicle.

The employees operating a school vehicle as described above are subject to pre-employment drug testing and random, reasonable suspicion, post-accident, return-to-duty and follow-up drug and alcohol testing. Employees operating school vehicles will not perform a safety-sensitive function within four hours of using alcohol.

Employees governed by this policy are subject to the drug and alcohol testing program beginning the first day they operate or are offered a position to operate school vehicles and continue to be subject to the drug and alcohol testing program as long as they may be required to perform a safety-sensitive function as it is defined in the administrative regulations. Employees with questions about the drug and alcohol testing program may contact the school district contact person, Central Lyon Transportation Director, at 1010 S. Greene Street, Rock Rapids, IA 51246.

Employees who violate the terms of this policy may be subject to discipline up to and including termination. Employees who violate this policy bear the personal and financial responsibility, as a condition of continued employment, to successfully participate in a substance abuse evaluation and a substance abuse treatment program recommended by the substance abuse professional. Employees who fail to or refuse to successfully participate in a substance abuse evaluation or recommended substance abuse treatment program may be subject to discipline up to and including termination. The district is required to keep a record of all drug or alcohol violations by employees for a minimum of five years. Employees are put on notice that information related to drug or alcohol violations will be reported to the Federal Motor Carrier Safety Administration (FMCSA) Clearinghouse. Additionally, the district will conduct FMCSA Clearinghouse queries for employees annually. Employees must provide written consent for the district to conduct FMCSA Clearinghouse queries; however, employees who choose to withhold consent will be prohibited from performing any safety sensitive functions

It is the responsibility of the superintendent to develop administrative regulations to implement this policy in compliance with the law. The superintendent will inform applicants of the requirement for drug and alcohol testing in notices or advertisements for employment.

The superintendent will also be responsible for publication and dissemination of this policy and supporting administrative regulations and forms to employees operating school vehicles. The superintendent will also oversee a substance-free awareness program to educate employees about the dangers of substance abuse and notify them of available substance abuse treatment resources and programs.

503 STUDENT DISCIPLINE

503.1 STUDENT CONDUCT

The board believes inappropriate student conduct causes material and substantial disruption to the school environment, interferes with the rights of others, or presents a threat to the health and safety of students, employees, and visitors on school premises. Appropriate classroom behavior allows teachers to communicate more effectively with students.

Students will conduct themselves in a manner fitting to their age level and maturity and with respect and consideration for the rights of others while on school district property or on property within the jurisdiction of the school district; while on school owned and/or operated school or chartered vehicles; while attending or engaged in school activities; and while away from school grounds if misconduct will directly affect the good order, efficient management and welfare of the school district. Consequences for the misconduct will be fair and developmentally appropriate in light of the circumstances.

Students who fail to abide by this policy, and the administrative regulations supporting it, may be disciplined for conduct which disrupts or interferes with the education program; conduct which disrupts the orderly and efficient operation of the school district or school activity; conduct which disrupts the rights of other students to participate in or obtain their education; conduct that is violent or destructive; or conduct which interrupts the maintenance of a disciplined atmosphere. Disciplinary measures include, but are not limited to, removal from the classroom, detention, suspension, probation, and expulsion.

A student who commits an assault against an employee on school district property or on property within the jurisdiction of the school district; while on school-owned or school-operated chartered vehicles; or while attending or engaged in school district activities will be suspended by the principal. Notice of the suspension is sent to the board president. The board will review the suspension and decide whether to hold a disciplinary hearing to determine whether to impose further sanctions against the student which may include expulsion. In making its decision, the board shall consider the best interests of the school district, which shall include what is best to protect and ensure the safety of the school employees and students from the student committing the assault. Assault for purposes of this section of this policy is defined as, when, without justification, a student does any of the following:

- an act which is intended to cause pain or injury to, or which is intended to result in physical contact which will be insulting or offensive to another, coupled with the apparent ability to execute the act; or
- any act which is intended to place another in fear of immediate physical contact which will be painful, injurious, insulting or offensive, coupled with the apparent ability to execute the act; or
- intentionally points any firearm toward another or displays in a threatening manner any dangerous weapon toward another.

The act is not an assault when the person doing any of the above and the other person are voluntary participants in a sport, social or other activity, not in itself criminal, when the act is a reasonably foreseeable incident of such sport or activity, and does not create an unreasonable risk of serious injury or breach of the peace.

Removal from the classroom means a student is sent to the building principal's office. It is within the discretion of the person in charge of the classroom to remove the student.

Detention means the student's presence is required during non-school hours for disciplinary purposes. The student can be required to appear prior to the beginning of the school day, after school has been dismissed for the day, or on a non-school day. Whether a student will serve detention, and the length of the detention, is within the discretion of the licensed employee or the building principal, disciplining the student.

Suspension means; either an in-school suspension, an out-of-school suspension, a restriction from activities or loss of eligibility. An in-school suspension means the student will attend school but will be temporarily isolated

from one or more classes while under supervision. An in-school suspension will not exceed ten consecutive school days. An out-of-school suspension means the student is removed from the school environment, which includes school classes and activities. An out-of-school suspension will not exceed ten consecutive school days. A restriction from school activities means a student will attend school and classes and practice but will not participate in school activities.

Probation means a student is given a conditional suspension of a penalty for a definite period of time in addition to being reprimanded. The conditional suspension will mean the student must meet the conditions and terms for the suspension of the penalty. Failure of the student to meet these conditions and terms will result in immediate reinstatement of the penalty.

Expulsion means an action by the board to remove a student from the school environment, which includes, but is not limited to, classes and activities, for a period of time set by the board.

Discipline of special education students, including suspensions and expulsions, will comply with the provisions of applicable federal and state laws.

It is the responsibility of the superintendent, in conjunction with the principal, to develop administrative regulations regarding this policy.

503.1R1 STUDENT SUSPENSION

Administrative Action

A. Probation

1. Probation is conditional suspension of a penalty for a set period of time. Probation may be imposed by the principal for infractions of school rules which do not warrant the necessity of removal from school.
2. The principal will conduct an investigation of the allegations against the student prior to imposition of probation. The investigation will include, but not be limited to, written or oral notice to the student of the allegations against the student and an opportunity to respond. Written notice and reasons for the probation will be sent to the parents.

B. In-School Suspension

1. In-school suspension is the temporary isolation of a student from one (1) or more classes while under administrative supervision. In-school suspensions may be imposed by the principal for infractions of school rules which are serious but which do not warrant the necessity of removal from school.
2. The principal will conduct an investigation of the allegations against the student prior to imposition of an in-school suspension. The investigation will include, but not be limited to, written or oral notice to the student of the allegations against the student and an opportunity to respond. In-school suspension will not be imposed for more than ten (10) school days. Written notice and reasons for the in-school suspension will be sent to the student's parents.

C. Out-of-School Suspension

1. Out-of-school suspension is the removal of a student from the school environment for periods of short duration. Out-of-school suspension is to be used when other available school resources are unable to constructively remedy student misconduct.
2. A student may be suspended out of school for up to ten (10) school days by a principal for a commission of gross or repeated infractions of school rules, regulations, policy or the law, or when the presence of the student will cause interference with the maintenance of the educational environment or the operation of the school. The principal may suspend students after conducting an investigation of the charges against the student, giving the student:
 - a. Oral or written notice of the allegations against the student and
 - b. The opportunity to respond to those charges.

At the principal's discretion, the student may be allowed to confront witnesses against the student or present witnesses on behalf of the student.

3. Notice of the out-of-school suspension will be mailed no later than the end of the school day following the suspension to the student's parents and the superintendent. A reasonable effort is made to personally notify the student's parents and such effort shall be documented by the person making or attempting to make the contact. Written notice to the parents will include the circumstances which led to the suspension and a copy of the board policy and rules pertaining to the suspension.

D. Suspensions and Special Education Students

1. Students who have been identified as special education students may be referred for a review of the student's Individual Education Program (IEP). The IEP may be revised to include a continuum of intervention strategies and programming to change the behavior.
2. Students who have not been identified as special education students may be referred for evaluation after the student's suspension to determine whether the student has a disability and is in need of special education.

503.2 EXPULSION

Only the board may remove a student from the school environment. The removal of a student from the school environment, which includes, but is not limited to, classes and activities, is an expulsion from school.

Students may be expelled for violations of board policy, school rules or the law. It is within the discretion of the board to discipline a student by using an expulsion for a single offense or for a series of offenses depending on the nature of the offense and the circumstances surrounding the offense.

It is within the discretion of the superintendent to recommend to the board the expulsion of a student for disciplinary purposes. Only the board may take action to expel a student and to readmit the student. The principal will keep records of expulsions in addition to the board's records.

When a student is recommended for expulsion by the board, the student is provided with:

1. Notice of the reasons for the proposed expulsion;
2. The names of the witnesses and an oral or written report on the facts to which each witness testifies unless the witnesses are students whose names may be released at the discretion of the superintendent;
3. An opportunity to present a defense against the charges and provide either oral testimony or written affidavits of witnesses on the student's behalf;
4. The right to be represented by counsel; and
5. The results and finding of the board in writing open to the student's inspection.

In addition to these procedures, a special education student must be provided with additional procedures. A determination should be made of whether the student is actually guilty of the misconduct. A staffing team should determine whether the student's behavior is caused by the student's disability and whether the conduct is the result of inappropriate placement. Discussions and conclusions of this meeting should be recorded.

If the special education student's conduct is not caused by the disability, the student may be expelled or suspended for a long-term period following written notice to the parent and pursuant to the school district's expulsion hearing procedures. If the misconduct is caused by the disability and a change in placement is recommended, the change must be made pursuant to the placement procedures used by the school district.

503.3 FINES - FEES - CHARGES

The board believes students should respect school district property and assist in its preservation for future use by others. Students may be assessed fines, charges, or fees for the materials needed in a course, for overdue school materials, for participating in activities, or for misuse of school property.

The superintendent will inform the board of the dollar amount to be charged to students or others for fines, charges, or fees annually. Parents of students meeting specific financial eligibility standards will be eligible for a waiver of student fees or a reduction of student fees based upon the request of the parent. A. Waivers

1. Full Waivers - a student will be granted a full waiver of fees charged by the school district if the student or student's parents meet the financial eligibility criteria for free meals under the Child Nutrition program, Family Investment Program, or transportation assistance under open enrollment. Students in foster care are also eligible for full waivers.
2. Partial Waivers - a student will be granted a partial waiver of fees charged by the school district if the student or the student's parents meet the financial eligibility criteria for reduced price meals offered under the Child Nutrition program. The reduction percentage will be 40 percent.
3. Temporary Waivers - a student may be eligible for a temporary waiver of fees charged by the district in the event the student's parents are facing financial difficulty. Temporary waivers may be applied for at any time throughout the school year and will not extend beyond the end of the school year.

C. Confidentiality - The school district will treat the application and application process as any other student record and student confidentiality and access provisions will be followed.

D. Appeals - Denials of a waiver may be appealed to the Superintendent of Schools and he/she must provide a written response within five (5) days. If the parent/student is not satisfied with the actions of the Superintendent, they may appeal to the Board for redress at the next regular Board meeting. The Board shall reply in writing within five (5) days. If the parent/guardian or student is not satisfied with the School Board's decision, he/she may appeal to the Iowa Department of Education, Grimes State Office Building, Des Moines, Iowa, 50319.

E. Fines or charges assessed for damage or loss to school property are not fees and will not be waived.

F. Notice - the school district will annually notify parents and students of the waiver. The following information will be included in registration materials.

Students whose families meet the income guidelines for free and reduced price lunch, the Family Investment Program (FIP), or transportation assistance under open enrollment, or who are in foster care are eligible to have their student fees waived or partially waived. Students whose families are experiencing a temporary financial difficulty may be eligible for a temporary waiver of student fees. Parents or students who believe they may qualify for temporary financial hardship should contact the principal or building secretary at the time of school registration for a waiver form. This waiver does not carry over from year to year and must be completed annually.

503.4 GOOD CONDUCT RULE

Participation in school activities is a privilege. School activities provide the benefits of promoting additional interests and abilities in the students during their school years and for their lifetimes.

Students who participate in extracurricular activities serve as ambassadors of the school district throughout the calendar year, whether away from school or at school. Students who wish to have the privilege of participating in extracurricular activities must conduct themselves in accordance with board policy and must refrain from activities which are illegal, immoral or unhealthy.

Students who fail to abide by this policy and the administrative regulations supporting it may be subject to disciplinary measures. The principal will keep records of violations of the good conduct rule.

It is the responsibility of the superintendent to develop rules and regulations for school activities. Students wanting to participate in school activities must meet the requirements set out by the school district for participation in the activity.

The following standards of eligibility pertain to any Central Lyon student who is participating in co-curricular activities which include all athletics, vocal and instrumental music, cheerleading, drama, speech, yearbook staff, FFA, FHA and any other activity co-curricular offered at Central Lyon.

In order to participate in co-curricular activities, students must meet the District's and the Iowa Athletic Union's requirements. Participation will be determined on the predetermined criteria below. During any period of ineligibility, the student may practice but cannot take part in a performance, contests or activity.

The following code of conduct pertains to any Central Lyon Community School student who is participating in co-curricular activities.

Any student involved in co-curricular activities whose conduct would make him or her unworthy to represent the ideals, principles, and standards of his or her school may be ruled ineligible by the building principal and will remain ineligible until the building principal reinstates that student's eligibility. The determination and period of ineligibility are the responsibility of the principal and athletic director. Due process, as outlined in Board Policy, will be afforded all students.

Training rules are a matter of self-discipline. The best performance the individual is capable of producing comes only after the body and mind have been conditioned through a regular training routine.

This code is to be followed by all student activity participants. The activity code is to be signed by the participants and their parent/guardian at the beginning of each school year or before each activity season.

Use of tobacco, alcohol and controlled substances regarded as undesirable habits for middle school/senior high school students (grades 6-12) and includes possession, distribution, purchasing, selling, use or being under the influence of any of the above. Abstinence at all times is required for activity participants, which means twelve (12) months a year. A violation during summer vacation/non-scheduled school time will be on a referral basis to the athletic director.

The rules are listed below:

1. In the event that a student comes under the jurisdiction of any court for juvenile delinquency or is charged with a crime, except minor traffic violations, he/she may be declared ineligible to participate in co-curricular activities.
2. In the event that a student admits to, or is found guilty of, illegal use and/or purchase, distribution, sale, possession of or use of tobacco or drugs, and/or alcoholic beverages, he/she shall be declared ineligible for participation in co-curricular activities. It is understood that the student will be given due process rights in all instances.

If a student involved in co-curricular activities violates any of the above rules, he/she shall be subject to the following:

FIRST OFFENSE

Option A-The student will not be permitted to participate in twenty-five percent of the scheduled contests or performances during the season of the violation or if the violation occurs out of season the penalty will be imposed during the next co-curricular activity in which the student elects to participate.

Option B-The student can elect to participate in eight (8) hours of counseling with approval and a referral from a school official. Court assigned JADE will provide the counseling services that will deal directly with the substance abuse. Costs for counseling will be the responsibility of the student and/or parents or guardian. In addition, the student will also not be permitted to participate in one scheduled contest or performance during the season of the violation or if the violation occurs out of season the penalty will be imposed during the next co-curricular activity in which the student elects to participate.

If Option B is chosen and JADE is not court assigned – the student will perform 10 hours of community service in addition to the missed event.

If rule one (1) is violated, the student will miss the next scheduled event and perform (10) hours of community service through the school. The student must complete the community service in thirty (30) calendar days from the date of suspension.

The student will be placed on twelve (12) months' probation following the first offense. If no other violations occur during the probationary period, the violator's status will return to a full student condition.

SECOND OFFENSE

If this offense occurs during a student's probationary period, the student will not be permitted to participate in fifty (50) percent of the total scheduled contests or performances during the season of the violation starting with the next contest or performance. If the violation occurs out of season, the penalty will be imposed during the next co-curricular activity in which the student elects to participate. The student will be referred and required to participate in and complete a substance abuse program, at his/her own or parent's expense.

The time remaining on probation will be extended to twelve (12) months.

THIRD OFFENSE

A. A third (3rd) offense within any probationary period will result in a one (1)-year suspension from all co-curricular activities. The student will also be required to complete a substance abuse program, at their own or parent's expense, to regain eligibility.

B. In the event of a violation of the good conduct rules, the student and his/her parents/ guardian will meet with a committee composed of the following school personnel: principal, athletic director, activity sponsor, and/or coach. The student's probationary contract and terms of probation will be discussed. If a substance abuse program is chosen or required, the student and his/her parents/guardian will meet with the aforementioned committee and the counselor upon completion of the substance abuse program.

C. Special Provisions:

1. Each day of actual competition will count as one (1) event when completing the period of ineligibility.
2. Mid to late-season suspensions-If the number of events a student is ineligible to participate in exceeds the number remaining in the current season, the ineligibility will carry over into the next season or activity. The numbers of activities or events carried forward will be prorated.
3. After each violation of the good conduct rule a student is on probation for one (1) year. If no violations occur during the probationary period, the student's previous violations are expunged from his/her record.

4. The student must participate in all practices while ineligible, unless the period of ineligibility is one (1) year.
5. Each activity sponsor shall retain the prerogative to add additional regulations pertaining to the activity. Example-training hours, attendance requirements, etc. A copy must be on file with the principal and athletic director.
6. In the event the situation occurs which is not covered in this policy, the building principal will provide a ruling based upon the principal's belief as to the intent of this policy.
7. Percentages of activities or events will be based on regular season contests and/or performances.
8. If violation of rule two (2) involves tobacco, counseling will be provided by the school's guidance counselor.
9. When a student has enrolled their second year of high school, he/she will not be permitted to use a co-curricular activity he/she has not previously participated in to work off a period of ineligibility without the approval of the building principal.
10. Actual competition will be defined as one (1) calendar date in which a student is scheduled to participate in publicly.

D. Students apprehended and charged by a law of enforcement agency during the school year for violation of the above rules will have seven (7) calendar days to report the violation to school officials. Failure to report the violation will result in a one (1) year suspension from activities. When school is not in session, the student committing the violation shall report it no later than the first (1st) student day of the student's return to school.

E. A Central Lyon student has a right to appeal any part of the activity code. A request for an appeal must be made in writing within fifteen (15) days of the infraction.

Steps of appeal:

1. Athletic Director- A written decision shall be rendered within five (5) school days after the action has taken place. A student may appeal the decision; however, the appeal must be made within five (5) days after the written decision by the athletic director to the next level or void the student's appeal rights.

503.5 CORPORAL PUNISHMENT

Corporal punishment is defined as the intentional physical punishment of a student and is prohibited. It includes the use of unreasonable or unnecessary physical force or physical contact made with the intent to harm or cause pain. No employee is prohibited from:

- Using reasonable and necessary force, not designed or intended to cause pain, in order to accomplish any of the following:
 - To quell a disturbance or prevent an act that threatens physical harm to any person.
 - To obtain possession of a weapon or other dangerous object within a pupil's control.
 - For the purposes of self-defense or defense of others as provided for in Iowa Code section 704.3.
 - For the protection of property as provided for in IOWA CODE section 704.4 or 704.5.
 - To remove a disruptive pupil from class or any area of school premises or from school-sponsored activities off school premises.
 - To protect a student from the self-infliction of harm.
 - To protect the safety of others.
- Using incidental, minor, or reasonable physical contact to maintain order and control.

Reasonable physical force should be commensurate with the circumstances of the situation. The following factors should be considered in using reasonable physical force for the reasons stated in this policy:

1. The size and physical, mental, and psychological condition of the student;
2. The nature of the student's behavior or misconduct provoking the use of physical force;
3. The instrumentality used in applying the physical force;
4. The extent and nature of resulting injury to the student, if any;
5. The motivation of the school employee using physical force.

Upon request, the student's parents are given an explanation of the reasons for physical force.

It is the responsibility of the superintendent to develop administrative regulations regarding this policy.

710.4 MEAL CHARGES

In accordance with state and federal law, the Central Lyon Community School District adopts the following policy to ensure school district employees, families, and students have a shared understanding of expectations regarding meal charges. The policy seeks to allow students to receive the nutrition they need to stay focused during the school day, prevent the overt identification of students with insufficient funds to pay for school meals, and maintain the financial integrity of the nonprofit school nutrition program.

Payment of Meals

Students and staff members deposit money into their school meal account daily, weekly, monthly or by semester. All students and staff are assigned an account number. The student/staff member will key in their personal account number on a keypad and a school employee will monitor the computer to assure that the correct account is charged. Student/staff meal accounts must be kept at a positive balance at all times.

Exempt From Impact

A student who is approved for free meals cannot be denied a meal no matter what the balance is and a student, that has cash to pay the price of the meal that day, cannot be denied a meal even if the payment does not completely put the account in a positive balance. The cashier or building secretary will discretely notify students/staff when a low or negative balance is pending. Email notifications are sent out weekly. If the household does not have e-mail access, the household will be contacted by a phone call and/or by mail.

Negative Account Balances

The school district will make reasonable efforts to notify families when meal account balances are low. Additionally, the school district will make reasonable efforts to collect unpaid meal charges classified as delinquent debt. Students and parents will be notified with a memo and/or an email notification generated by the building secretary when the family meal account will be depleted in 5 days or less (or less than \$6.00).

If a lunch account reaches a negative balance of \$20.00 or more, the student will receive an alternate cold lunch. Students/staff will not be allowed to charge a second meal or ala carte item when the lunch account has a negative balance. This policy applies to both breakfast and lunch accounts. The alternate cold lunch will be served on a tray as all other students and be compliant with a reimbursable meal and be charge to the lunch account balance. Special diet accommodations must be made for students with doctor's instructions.

Since the HS charges the meal at the end of the lunch line, the servers will be notified which students are required to have the alternative meal and the servers will give them the alternative meal as they go through the line. In the EL/MS building the cashier is at the beginning of the line. These students will be required to pick up their meal in the EL/MS office which is located next to the cashier.

Delinquent accounts

Negative balances not paid prior to the end of the school year will be turned over to the superintendent or superintendent's designee for collection. Options may include: collection agencies, small claims court, or any other legal method permitted by law.

Unpaid Student Meals Account

The district will establish an unpaid student meals account in a school nutrition fund. Funds from private sources and funds from the district flexibility account may be deposited into the unpaid school meals account in accordance with law. Funds deposited into this account shall be used only to pay individual student meal debt.

Communication of the Policy

The policy and supporting information regarding meal charges shall be provided in writing to:

- All households at or before the start of each school year;
- Students and families who transfer into the district, at time of transfer; and
- All staff responsible for enforcing any aspect of the policy.

Records of how and when the policy and supporting information was communicated to households and staff will be retained.

It is the responsibility of the superintendent to develop administrative regulations for implementing this policy.
