

September 9th, 2015 Physical Science (Day #10)

1. Turn in the Chapter 1 Study Guide on the Top of the Box
2. Swing Lab - Follow the directions on the next page
3. Assignment
 - Chapter 1 Test (TOMORROW)
 - Study Guide will also be due (26 points)

Sep 5-8:58 AM

Hypothesis... Does the swing of a pendulum take longer for an object of greater mass? (YES OR NO)

Lab: Swing Time Data Table

Number of Washers	Time for 10 Swings (s)	Average Time per Swing (s)
1		
2		
3		
4		
5		

Does the data from your graph support your hypothesis at the beginning of the lab activity?

Aug 26-9:50 AM
