

September 14th, 2015 Physical Science (Day #13)

- Go through WKST 110 for points (Turn in WKST 110 <9 pts>)
- Working with Density
 - Learning how to use a Ruler to find the volume of a regular shaped object
 - Learning how to use a balance to find the mass of a regular shaped object
 - Finding the Density using the VOLUME and MASS of an object
- Assignment
 - No assignment

Aug 31-10:23 PM

Volume = Length x width x height

	L	W	H
#1
